JANUARY 12, 2015

Mr. RUSH (for himself, Mr. BARTON, Mr. SCOTT of Virginia, and Mr. DENT) introduced the following bill; which was referred to the Committee on Education and the Workforce

---

## A BILL

To establish a commission to identify and examine issues of national concern related to the conduct of intercollegiate athletics, to make recommendations for the resolution of the issues, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SENSE OF CONGRESS.**

4       It is the sense of Congress that—

5           (1) properly conducted intercollegiate athletic  
6       programs contribute to the beneficial development of  
7       student athletes and the vibrancy of campus life at  
8       institutions of higher education;

1                         (2) recent events pose grave threats to the fi-  
2 nancial stability of athletic programs at institutions  
3 of higher education and create pressure on institu-  
4 tions of higher education to consider eliminating  
5 non-revenue Olympic sports or increasing general  
6 fund, student fee, and donor subsidies to athletics at  
7 a time when such resources are needed for priority  
8 academic programs;

9                         (3) there are concerns about the health and  
10 safety needs of student athletes with regard to ade-  
11 quacy of injury protections and other medical proto-  
12 cols;

13                         (4) academic integrity at institutions of higher  
14 education is threatened by increased incidences of  
15 academic fraud involving student athletes, failure to  
16 provide adequate remedial programs for academi-  
17 cally unprepared admitted athletes, and excessive  
18 athletics time demands;

19                         (5) student athletes faced with loss of financial  
20 aid and other benefits and National Collegiate Ath-  
21 letic Association (NCAA) member institutions in  
22 danger of financial penalties, loss of media rights,  
23 and public embarrassment due to alleged rules viola-  
24 tions are not being afforded adequate due process;

1                         (6) the NCAA, member institutions of the  
2                         NCAA, and college presidents have not adequately  
3                         addressed these issues; and

4                         (7) reform is so complex and important to high-  
5                         er education that a blue ribbon commission of sport  
6                         experts and members of Congress should be con-  
7                         vened to objectively study these issues and propose  
8                         solutions.

9                         **SEC. 2. ESTABLISHMENT.**

10                  There is established a commission to be known as the
